

Are you and your shoes ready for the Christmas holidays and the silly summer climbing season?

Dear Customers,

I would like to contact you with this brief newsletter or what might be better termed info-torial.

In the New Year I intend to provide more comprehensive quarterly newsletters to provide you with updates on new products, rubber, promotions/events and hopefully, if anything it could even be a little interesting.....?

You may have wondered? Just like many of my friends and family why I became a climbing shoe resoler? Well apart from braving the world of smelly climbing shoe's it was really very simple. After many years of being a climbing bum, climbing guide (which I am still) and instructor and a sales rep for Black Diamond Equipment, Evolv climbing shoes and Beal ropes. I decided I wanted to travel less and work from home, to spend more time with my two young girls among the trees and boulders of our granite bush block. I also wanted to try and give something back to the outdoors by supporting cliff based re-vegetation programs and reduce the impacts of our outdoor equipment consumption by repairing and reusing climbing and outdoor gear that would otherwise find its way sooner into landfill than later.

If you have old ropes and shoes etc rotting away in a cupboard and you're interested in giving them a new life dig them out. During 2015 I will inform you of how you may be able to be involved and help me in this endeavor to reuse and recycle your old stuff.

Lastly I would like to thank all of you for sending your smelly shoes for resole over the past 41/2 years. Your support has been much appreciated and without you I wouldn't exist!

All eligible entries received by the 31st of Jan 2015 for the July 2014 draw (deferred due to insufficient entries) and Jan 2015 will be notified on January 31st 2015 or there immediately after of their prize. I would like to thank all of those who entered the Mystery Prize Draw during 2013/14 and I look forward to offering further promotions during 2015.

FREE 2 Day Express Turnaround for December

To help you get your shoes ready for the summer silly season and holidays I will be doing express (from date of receiving) 2 day turnarounds for FREE. That's right no express turnaround charges and have them back on your feet pronto!

Express Post your shoes today!! All shoes received for the next 2 weeks up to the 19th December will be, from day of receiving, on a 2 day turnaround. Shoes received on or just prior to Tue 23rd December will be returned on first business day after Christmas Day.

Many of you who are not from QLD would not know that I have offered this service for some time to my QLD customers. But I would now like to extend this offer to all my customers. This offer usually occurs around June/July and November/December each year and is worth looking out for. It'll save you a little money and provide you with the quickest turnaround time service in the country. Dates for the 2 day turnaround in 2015 will be broadcasted on the website www.scottysdog.com.au or by newsletter.

NOTE: Some repairs of shoes maybe exempt from 2 day turnaround if repairs are excessive and beyond STD resole and rand repairs.

SCOTTY DOG ON HOLIDAY JANUARY 2015

Everyone needs a holiday occasionally.

So remember to get your shoes in before Christmas as I will be away on holidays for the whole of January 2015.

If you require your shoes to be resoled I need to be able to receive them by no later than Tuesday 23 December.

Last date for dispatch will be first day of business after Christmas./Boxing Day.

All shoes received after 19th December will have to wait until first week of February 2015 to be resoled/repared.

Or maybe wait until third week of January to send.

BUFO 4mm Rubber

Straight out of the Czech Republic the Bufo rubber is the best budget offering in the country for any resole. At \$40.00 a resole it might be worth pulling out that 3rd or 4th pair of old faith-full's from your cupboard and have them resurrected!

Or even if you have a budget pair of shoes that you paid \$89.00 for this rubber will still get you back on the rock at around half the price of a new pair.

For the price it is perhaps one of the best all-rounder's suitable for any rock type and if it's your thing plastic too.

Scotty Dog would like to wish you all a very happy and safe Christmas and New Year!
