

CLIMB AGAIN

The Stinky Shoe Muster concept was inaugurated in 2018 when Scotty Dog Resoles was one of the sponsors for the *Australian Dawn Wall Tour* with Tommy Caldwell and Kevin Jorgeson and has now evolved into 'Climb Again'

The bins at our agents are where you can drop off your shoes or you can send them with your next resole order.

The initiative of the 'Climb Again' program is to salvage your old shoes, recondition them from repurposed materials and save them from going to landfill. It is estimated that 24 billion pairs of shoes are manufactured each year, with a whopping 99% ending up in landfill. In Australia approx., 110 million shoes are sold each year but only 1% are collected, recycled or reconditioned.

This is why we inaugurated the Stinky Shoe Muster to take one more step in the right direction to be the most responsible climbing shoe re-soler in Australia.

To see your shoes 'Climb Again' and stay out of landfill, be part of our circular climbing shoe program and help us and our planet by creating a lifecycle for your climbing shoes.

- By donating your shoes, we will provide you with a **10% discount** on your next resole.
- Reconditioned shoes will be resold at a flat rate of \$100 + gst ex postage.
- \$5 will be donated from the sale of each pair to a conservation-based organization.
- All shoes are reconditioned to the same quality as we are noted for.
- From date of purchase all shoes will have our 3-month craftsmanship guarantee (no returns or refunds after 3 months)

To kill any nasties all shoes are sanitized by [SteriShoe+ UV Shoe Sanitizers](#) before purchase

Since 2010 Scotty Dog Resoles has been dedicated to providing the best and most comprehensive resoling service in Australia. We are a proud independent re-soler with more than 70,000 hours of craftsmanship!

With over 75,000 pairs of climbing shoes resoled and over 45,000kg saved from landfill we have become the most trusted re-soler in the Country.

Our craftsmanship covers more than the academics.
