

## OUR STANDARD TURNAROUND TIMES:

**PLEASE NOTE:** work on your shoes will not commence until your shoes have been assessed and full payment is received.

- Our turnarounds are strictly dependent on the type of repairs shoes require.
- We try to minimize delays as much as possible but if we come into a batch of badly looked after shoes requiring more of our attention to repair schedules can be slowed down considerably.
- As we are often on our machinery for extended periods, if you wish to get an update on your shoes, please email (preferred option) us and we will respond promptly
